PROTECT OUR SHORELINE ACCESS

We, the undersigned, support opening the gate on the "Jeep Trail" between the State-owned land and the O'oma property to Kohanaiki. This road provides access along the shoreline for fishing, surfing, subsistence gathering, and recreation. The plan to permanently lock the gate will not only inhibit traditional and customary access rights, but also cause safety issues along Queen Ka'ahumanu Highway, if all the beachgoers are forced to use the new Kohanaiki access road as the only way in and out of the area.
